Discussion around what if a student isn't into music, what election options are available? Options for foreign language to 7th, options for programming languages (Java, Python,) as an elective? What about STEAM – other options for Art. All Course options for credit are based on the District Curriculum. Also, have to understand where the funding will come for teachers/curriculum/supplies.
- V. Welcome to Washington Nights: April 27 (Rising 6th), April 28 (Rising 7 & 8)
May need students or families to be on a panel, Krishna will send an email out after April 15.
- VI. Schedule changes for Student Return and continued Remote
Walkthrough on the In Person schedule, Academic Enrichment B will cover deep work into the STEM Expo project, this is a TAF lead course. Small Group time is based on what the Teachers have planned. First week back afternoon work is Social Emotional Focus.
- VII. Discussion around the sharing partnership of TAF and WMS. WMS is Co-managed by the District and TAF. This unique model distributes responsibilities in a way that employs the strengths of the District and TAF. Regarding an escalation path, families should always communicate challenges to the House Teachers, if the challenge is not resolved, escalate to both TAF Director and WMS Principal.
- VIII. Next Meeting – need to shift date, May 4, as the next meeting conflicts with Welcome to Washington Night. Suresh will lead the next meeting.
